

# RESCUE

Resources for Every School Confronting  
Unexpected Emergencies

Asthma and Allergy  
Foundation of America

**NEW for the 2023-2024  
school year: FREE  
asthma medication,  
equipment, and  
resources**

Thanks to Public Act 100-0726, schools in Illinois are allowed to store and administer "undesigned" asthma medication to students, staff, and school visitors experiencing a medical emergency..

Now funded, all K-12 schools are eligible for free life-saving asthma medication and resources.

The Asthma and Allergy Foundation of America chapter in Missouri has been operating the RESCUE program for 12 years and has proven experience working with providers, pharmacists, and school districts to keep kids safe.

*We're excited to work with you and to support your school community!*

## RESCUE Supplies

The RESCUE program includes three packages: medication, equipment, and education.

Schools of higher enrollment and higher asthma risk will get multiple packages of medication and equipment.

To see your school's class,  
[www.aafastl.org/rescue-illinois-schools/](http://www.aafastl.org/rescue-illinois-schools/)
