

RESCUE

Resources for Every School Confronting
Unexpected Emergencies

Asthma and Allergy
Foundation of America

**NEW for the 2023-2024
school year: FREE
asthma medication,
equipment, and
resources**

Thanks to HB 1188, schools in Missouri are allowed to store and administer "undesigned" asthma medication to students, staff, and school visitors experiencing a medical emergency..

Now funded, all K-12 schools are eligible for free life-saving asthma medication and resources.

The Asthma and Allergy Foundation of America chapter in Missouri has been operating the RESCUE program for 12 years and has proven experience working with providers, pharmacists, and school districts to keep kids safe.

We're excited to work with you and to support your school community!

RESCUE Supplies

The RESCUE program includes three packages: medication, equipment, and education.

Schools of higher enrollment and higher asthma risk will get multiple packages of medication and equipment.

To see your school's class,
